Castle Community College exceeds target again

COMMITMENT by staff and students at Castle Community College has been well rewarded, with 75 per cent achieving five A* to C grades.

Nearly half of the pupils gained 10 or more.

"Annual results show that our consistent approach challenges every student to achieve and we have maintained our progress in exceeding the National Challenge target for English and maths once again," said deputy principal Ann-Marie Thompson.

"Congratulations go to Hannah Myatt with nine A grades, Andrew Hill with eight A grades and Thomas Keenan and Tsoey Wun Man seven A*/A grades.

"Remarkably, all 13 of Amber Marriott's grades were A* or A grades!

"Well done to all students and staff and best wishes to all, whether joining the sixth form in September or going on to further training or employment."
